# = PROGRESS

## The Peter G. Peterson Foundation's 2011 Fiscal Summit: Solutions for America's Future

The time is now for a plan of action to solve our nation's unsustainable long-term debt problem. That's why our Foundation created the Solutions Initiative, which provided grants to organizations across the ideological and generational spectrum to develop solutions. At our 2011 Fiscal Summit, these plans will be unveiled.

We're also convening some of the nation's top leaders, experts, and policy makers, who all agree that leadership is needed now more than ever to make real progress.

Our Foundation is committed to supporting real leaders with serious solutions to the nation's fiscal challenges.
